All this was possible due to the hard work done by each one of you. The credit belongs to the entire team and we have achieved what lot of people thought was impossible. Keep the good work going.

Thank you

Subject: FW: Credit Workbench – Central Limit System (CLS) for Australia Launched

All – its been a week since we went live with the foundational build out of CLS and the implementation for AU.
Its been a largely event less week with most of the teething items (non-showstoppers) sorted out on Wednesday.
So do give yourselves a big pat on the back for a job well done and the seamless co-operation. Let's keep the momentum going for this great start to a long journey !!

Shantanu – a big thank you for your leadership and your relentless commitment.
The implementation also saw a great run down the homestretch from the downstream teams – great work done **Chandra, Sanjeev, Anandan, Hitesh, Kamal** and last but not the least **Anil** for coming in at the right time to save the day.

👍

Regards
Soumya

This is a very significant milestone.. the first time we have a unified central liability management system. Please keep us posted on the user experience in coming days.

The true test will be when we do this in a bigger country. Nevertheless, kudos to the teams.. great work to get us this far!

Piyush

Subject: Credit Workbench – Central Limit System (CLS) for Australia Launched

Dear Colleagues,

We have launched **CLS for Australia** on **Credit Workbench**.

CLS will be the global Limit Controller for various Transaction Processing systems,

e.g. Finacle, IMEX, and FactorPro. With this first rollout for Australia, we deliver the

foundation for subsequent country rollouts.

Who is affected?

CCU, Loan and Trade Operations supporting Australia; and CCU supporting FIG.

What is new?

Simplified Interface

Intuitive action buttons and easy navigation

Hyperlinked Validation

Locate the wrong input by simply clicking a link

Easy Access to Functions

Goodbye to HLNM and other menu shortcuts

Use CLS for...

CCU

- Create, maintain, and enquire Limits and Collaterals
- Perform Limit Control functions, e.g. Freeze
- Access the Limit ("047") and Collateral ("048") reports

Loan and Trade Operations

- Enquire Limits
- Access the Limit ("047") report

The CWIC Service Team is here to support you!

+65 6682 8846 | cwic@dbs.com

Access CLS

Credit Workbench only works on **Google Chrome** and isn't available on tablet or mobile.
